

Update

CarMD Releases Version 2.0.5 of CarMD Connect App

IRVINE, Calif., Sept. 30, 2026 – CarMD today announced version 2.0.5 of its CarMD Connect app is now available in the Apple App and Google Play stores. With this update, you can now:

- Earn rewards for referring new users and help them complete their first qualified automotive maintenance or repair service booked with the CarMD Connect app.
- Get free vehicle health scans at thousands of nearby retailers, no CarMD Connect device or purchase required.
- AskCarMD about warning lights, symptoms, sounds, smells and other vehicle concerns – available 24/7 with the in-app AskCarMD AI Auto Mechanic
- Enjoy the app with fewer bumps in the road.

For individuals currently using the app with a CarMD Connect device: Your connected experience stays the same, with all the monitoring, alerts and insights you rely on today. Now you can earn reward while managing your vehicle's health.

Download the latest version of CarMD Connect from the [App Store](#) or [Google Play](#).

About CarMD

Since 2006, USA-based CarMD has provided drivers with award-winning products and information to monitor their vehicle health, diagnose check engine light issues, and save money on car repairs. For more information, visit **www.CarMD.com**.
